Residents needing a yard waste pick-up must call the MSC at 788-7507 or email streets@vokimberlywi.gov and be placed on a list. All yard waste must be set out on the terrace by 6:00 a.m.

During a one week period in the Spring (May) and a one week period in the Fall (October), the Village will provide for the pick-up of all yard waste at no cost. Items must be placed in brown biodegradable paper bags. See calendar on the reverse side.

Any questions contact the MSC at 788-7507.

The success and continuing operation of this site relies on all users following Village Board adopted policies. This site is monitored by security cameras and non-compliant use and dumping is subject to municipal fines.

BRUSH CURBSIDE COLLECTION ONLY – DO NOT BRING BRUSH TO THE YARD WASTE SITE. Brush is picked up every Thursday between April and November, weather and time permitting. Recycling

GFL is contracted by Outagamie County to collect your recycling material. Place all recycling in the green recycling cart provided. There is no need to separate paper from the glass, aluminum, plastic or tin. Follow the same poly-cart placement information as listed in the Automated Garbage General Rules. For more information about recycling and other County programs, please visit their website at www.RecycleMoreOutagamie.org.

Automated Garbage General Rules

*By Ordinance, (Automated Garbage Collection, Village Ordinance 418-6), any items set out for collection must be placed curbside by 6:00 AM on the day of collection or the night before, but not before 5:00 PM. This includes; poly-carts, metal items, and large item collection. Items CAN NOT be set out days or weeks in advance of the regularly scheduled collection date. A citation will be issued. These ordinances are established to keep the community clean, safe, and healthy. All poly-carts must be removed 24 hours after collection. Non compliance of the Village Ordinance 418-6 can result in a fine of \$75.25 for the first offense.

We recommend that you set your poly-cart on a flat surface; it must be at ground level, near the edge of the curb or at the end of your driveway apron. Make sure the arrows on the polycart lid are facing the road. Containers MUST be placed 4 feet from any other object. This includes: recycling, large item pickup, mailboxes, trees, snow piles, parked cars and other poly-carts. If the driver cannot reach the poly-cart, the container cannot be emptied. If the container cannot be emptied on your scheduled collection day, it WILL NOT be emptied that week.

All solid garbage must fit into the poly-cart without packing it too tightly. Poly-cart covers are required to be closed. This will help facilitate dumping as well as keep the debris inside the container until dumped. Any poly-cart which has the cover completely open will not get emptied that week.

The Village of Kimberly does not provide overflow garbage collection. The automated system which uses a poly-cart is designed to collect the average refuse from a residential unit. Residential units having weekly overflow or overflow from garage sales, large gatherings, house cleaning, moving in or out, etc. which is more than the average norm are responsible for disposing of their overflow. This can be done by spreading your overflow garbage over a couple of weeks' collection, asking a neighbor if they have room in their poly-cart, or by hauling the overflow garbage to the landfill. Property owners of rental properties will ultimately be held responsible. It is the responsibility of the landlords to keep their tenants aware of the Village ordinances and requirements.
