Village of Kimberly REQUEST FOR BOARD CONSIDERATION

ITEM DESCRIPTION: Claim of Damages to Vehicle – Weber, in the amount of \$1,962.51
REPORT PREPARED BY: Danielle Block, Administrator/DPW
REPORT DATE: 10/26/2026
ADMINISTRATOR'S REVIEW / COMMENTS: No additional comments to this report <u>DLB</u> See additional comments attached _____
EXPLANATION: The Village received notice of claim on October 5, 2026, for damage to a parked vehicle that was allegedly struck by a Village lawnmower. The vehicle was parked in the private parking lot for The Roots apartments, next to the vacant lot owned by the Village along White Cedar Parkway. The claim was submitted to the Village's insurance company, CVMIC, for final review on October 5, 2026. Based on the information received, it is CVMIC's recommendation to deny the claim. In review of all submitted claim documentation, CVMIC noted that there is no proof that the damage to Ms. Weber's vehicle was caused by the Village lawnmower. The Village advised CVMIC that several Village employees have been contacted and interviewed regarding the alleged incident, and all deny knowledge of any impact with the claimant's vehicle. Staff also reviewed the mowing equipment for signs of damage and found none. CVMIC was advised that there was no damage to the lawnmower in question, no paint transfer and no witnesses. The Village did follow up with the owner of the apartment complex in relation to the referenced video surveillance. Without a date of incident, the video cannot be efficiently retrieved, further the owner stated the video footage would not capture the referenced side of the vehicle due to the camera location. Finally, the burden of proof is on the claimant to prove that these damages occurred as a result of the Village's actions. The claim documentation submitted is attached to this recommendation. Since there is no proof that this is the case, it is CVMIC's recommendation that the claim be denied. Village staff concur with CVMIC's recommendation.
Recommended action: Staff recommend that the claim be denied for the above reasons and according to CVMIC recommendation.

Incident/Accident Information

Date: Mid August

Time: morning and/or afternoon

Place: The open area located between **THE CURRENT** Roots apartments (formerly known as the White Cedar Parkway apartments) and **White Cedar Parkway** in Kimberly, Wisconsin, i.e. Treaty Park

This village park sits directly across the street from the apartment complex along the **300 block of White Cedar Parkway**

My vehicle was parked along the curb facing south towards Maes Ave across from White Cedar Pkwy

Circumstances of Claim

In the space below briefly describe the circumstances of your claim (attached additional sheets, if necessary). For auto damages, attach a copy of police report (if any), and attach a diagram of the accident scene indicating north, south, east or west corners if the accident occurred at an intersection. For bodily injury, indicate the nature of injury and whether or not medical attention was given and give the name of the physician. Also identify any witnesses to the incident/accident.

A village field mower recently caused significant damage to my personal vehicle when mowing the field between the White Cedar Parkway Apartments owned by Midwest Expansion and White Cedar Pkwy. I hadn't moved my car for a number of weeks so I did not notice the damage until quite recently. I do not have the exact date of the incident but recall that the field was mowed around mid August. Holly Femal was not able to provide me with the exact date, but my car was not moved before, during or after the mowing. I have contacted Midwest Expansion as they have 24 video surveillance, but they will not provide me personally with any footage. It must be requested by the Village and would then be sent directly to the requesting party. I have already received a repair assessment from Gerber Collision & Glass in Kimberly, which estimates **29 hours of labor** to fix the damage. Because of the extent of the repairs, my vehicle will be out of commission for approximately 7 to 8 business days, and I will need to secure a temporary rental vehicle during this time. I have included a copy of the preliminary estimate but that does not include how much money will be necessary to procure a rental vehicle. Depending on the exact time it takes for the Collision Center to repair the vehicle, be it more or less than the aforementioned time frame, the cost of the vehicle rental is undetermined. I will be seeking the cheapest vehicle through Enterprise whose quote is \$58 per day for an Intermediate/Compact vehicle

Claim

(NOTE: You are not required to make a claim at this time. As long as you have filed the above Notice of Claim you may file a claim with the Village at any time consistent with the applicable statute of limitations. However, in order for the Village to formally accept or deny your claim at this time, the following claim must be completed and signed.)

The undersigned hereby makes a claim against the Village arising out of the circumstances described above in the amount of **\$1,962.51** as a minimum as calculated by the Gerber Collision & Glass located at 800 Eisenhower Dr. Kimberly, WI 54136 Ph: 1 (920) 931-0527. I will also need to secure a rental vehicle, which Enterprise quotes as \$58.00 per day. Upon completion of the repairs I will be able to provide the exact Invoice of repairs from Gerber Collision and Glass and the necessary documentations for the Enterprise car rental

To process this claim it is necessary to detail all damages being sought.
